

10) Developing and Implementing Intervention Plans for Youth with Sexually Reactive or Abusive Behaviors (SXB1001)

THREE DAY TRAINING

Participants will learn to recognize sexually reactive and/or abusive behavior, to select evidence-based interventions for youth with these behavioral challenges, and to develop and implement a treatment plan for these youth.

TIME: 9:00 – 5:00

AUDIENCE: (maximum of 50 per day)

DOH

- Clinical Directors
- Psychologists
- Mental Health Supervisors
- Performance Management Section Representatives

PRIVATE PROVIDER AGENCIES for DOH and DOE

- One person who works directly with youth and who is at the MHP level.
- That person should be someone who will be responsible for training others at your agency on the information and skills covered in the CAMHD training.
- If your agency is under contract with CAMHD for more than one out-of-home group facility, please send to the training one person from each group facility.
- Participants should be those who can attend all three days of the training.
